Story Conclusions:

In conclusión we can say that Anne had a pretty tough life, but she was always very positive and never gave up, she never lost her spirit and was always happy, and I think that's what made Anne survive all those tragic moments she went through and made her such a nice Little Green Gables Girl.

One Fact and Opinion About the Story:

FACT: Anne decide to dye her hair Green because Gilbert called her carrots, so she thinks that if she dyed it Green it would look better, after that Marilla cuts it because she is ashamed of it.

OPINION: I think that Anne was a very nice Little girl because after all of her horrible past she never lost her great spirit.

I also think it is a great story because it gives you many lessons, like: loving yourself, loving others, being always positive, giving thanks to God for everything you have specially your friends, your family and for all that love and happiness you have everyday.
